RESOLUTION

by the Board of the Delaware Valley Regional Planning Commission

Adoption of the Conformity Finding of the DVRPC FY 2009 Transportation Improvement Programs (TIPs) for Pennsylvania and for New Jersey and the Destination 2030 Long Range Plan (LRP)

WHEREAS, the Governors and Legislatures of the Commonwealth of Pennsylvania and the State of New Jersey developed an interstate compact in 1965 establishing the Delaware Valley Regional Planning Commission (DVRPC) and charged it with the responsibility of preparing comprehensive plans for the physical development of the region; and,

WHEREAS, DVRPC acts as the duly designated metropolitan planning organization (MPO) for the nine-county Philadelphia-Camden-Trenton metropolitan area as required by section 134 of the United States Code (U.S.C.) Title 23 and section 1607 of U.S.C. Title 49; and,

WHEREAS, the Statewide and Metropolitan Planning Regulations (23 CFR Part 450 and 49 CFR Part 613) require that regional transportation plans and transportation improvement programs be developed and updated by MPO's, approved by the Governor, reviewed by the Federal Transit Administration and the Federal Highway Administration; and,

WHEREAS, MPO transportation plans and programs are required to conform to the purposes of the State Implementation Plan (SIP) and the Clean Air Act as amended (CAAA) under the Final Conformity Rule ("Final Rule") promulgated by the United States Environmental Protection Agency (US EPA) in November 1993 and amended in July 2004; and,

WHEREAS, the nine-county DVRPC planning area has been designated as a non-attainment area for ozone by US EPA, portions of the counties of Burlington, Camden, Mercer and Philadelphia have been designated as a maintenance area for carbon monoxide (CO), and the nine-county planning area is part of two non-attainment areas for fine particulate matter (PM_{2.5}) as required by CAAA under respective ozone, CO and PM_{2.5} National Ambient Air Quality Standards (NAAQS); and,

WHEREAS, there exist SIP motor vehicle emissions budgets (MVEBs) governing ozone precursors for transportation conformity purposes in the nine-county DVRPC planning area and PM_{2.5} in Mercer County (i.e. the DVRPC portion of the New York-Northern New Jersey-Long Island, NY-NJ-CT PM_{2.5} Non-attainment Area); and,

WHEREAS, applicable SIP budget tests are performed for ozone and PM_{2.5} in the areas where there are proposed or existing SIP MVEBs; and,

WHEREAS, this conformity finding is contingent upon the 2009, 8-hour ozone MVEBs for Pennsylvania and New Jersey becoming effective in July, 2008; and,

WHEREAS, an interim regional emissions analysis is performed to demonstrate transportation conformity in the entire Philadelphia-Wilmington, PA-NJ-DE PM_{2.5} Non-attainment Area, where there are no SIP PM_{2.5} MVEBs; and,

WHEREAS, DVRPC has completed conformity analysis of the TIPs and the LRP according to the procedures detailed in the Final Rule under the CAAA in a manner meeting the requirements of all appropriate federal and state regulations pertaining to statewide and metropolitan planning and air quality; and,

WHEREAS, the analysis demonstrates that emissions of ozone precursors and PM_{2.5} are less than applicable requirements: either the established MVEB test or the interim analysis baseline of 2002; and,

WHEREAS, DVRPC has provided a reasonable opportunity for citizens, transit users, private transportation providers and all interested parties to participate and have their views considered in the development and adoption of this conformity determination;

NOW, THEREFORE, BE IT RESOLVED, that the Delaware Valley Regional Planning Commission determines that the *Destination 2030* Long Range Plan and the DVRPC FY 2009 Transportation Improvement Programs for Pennsylvania and New Jersey, as amended, conform to the respective State Implementation Plans of Pennsylvania and New Jersey and all applicable National Ambient Air Quality Standards requirements under the Clean Air Act as amended, and that the finding is consistent with the Final Conformity Rule.
