

## DVRPC Transition List for the FY2015 TIP for PA

This "Transition List" contains projects which were programmed for implementation in the FY2013-FY2016 TIP, do not appear in the FY2015 TIP, and for either scheduling or obligation authority limitation reasons, will not be able to be implemented until *after* October 1, 2014, when the FY2015 TIP takes effect. This list helps to provide a smoother transition of project actions and programming at the beginning of the FY2015 TIP as projects included in the Transition List will be considered eligible for administrative federal funding actions during the first 120 days of federal fiscal year FY15, even if they are not included in the FY2015 TIP. This list is also important because it indicates potential level of financial impact on FY15 of the TIP due to projects that still need to receive federal authorization to advance.
