**TreeVitalize Communities: Municipal forestry survey** : *Please give us your thoughts on the following topics so we can learn from your experience and best respond to your needs.*

**Public landscapes:**

- 1) What street or park tree programs, if any, are already underway in your community?**  
(These may include efforts to manage public landscapes that are undertaken by the municipality itself, as well as programs conducted by other community organizations.)

---

---

---

---

---

- 2) What challenges or obstacles does your municipality face in integrating the management of street and park trees (public landscapes) into its areas of responsibility?**

---

---

---

---

---

**Private development:**

- 3) How does your municipality address the protection of trees, stream corridors, and other natural resources in private development projects? Do you have zoning, other ordinances, or other strategies that provide for this when land is being developed?**

---

---

---

---

**4) What challenges or obstacles does your municipality face in integrating the protection of trees and other natural resources in private development?**

---

---

---

---

---

**Overall municipality:**

**5) What opportunities are there for improving the management and protection of trees and other natural resources in your municipality? How might those opportunities be facilitated by multi-municipal collaboration or county-wide assistance?**

---

---

---

---

---

**6) What topics related to municipal forestry would you like to learn more about?**
