

.....Getting to work can be a lot less taxing.

**An idea for your consideration:**

**I take transit to get to work. That's why I'd like to ask if our organization can sign up for TransitChek.** TransitChek is a commuter benefit program that helps employees save money on their transit costs. It's based on a special federal tax code that allows up to \$125 per month in transit benefits.

Employers can give TransitChek as a direct benefit, or employees can take a pre-tax payroll deduction in exchange for TransitChek vouchers. Employees like me can avoid paying hundreds of dollars in taxes each year. **And, employers save money on payroll taxes** (the savings usually exceed administration fees).

**More than 700 companies in the greater Philadelphia region offer TransitChek to their employees.** I would like it if we could offer it here.

**Thank you.**

**For more information about TransitChek, employers can contact:** Karina Sellhorn, TransitChek Employer Outreach Specialist, at 215-238-2813 or [transitchek@dvrpc.org](mailto:transitchek@dvrpc.org). Or, visit our website: [www.gettransitchek.org](http://www.gettransitchek.org).
