a. PA11-69: Exton Train Station Rehabilitation (MPMS# 93588), SEPTA

From: James Mascaro

County: Montgomery

Zip Code: 19075

Date Received: May 15, 2012

Comment/Question: As a past rider of the Keystone Corridor and a frequent train commuter, having all the stations improved thusly would increase ridership. The Exton station, with its off-street parking lots, is well used and well situated and would benefit these planned improvements.

Response: Thank you for your comment.

e. NJ12-20: Route 168, Newton Lake Dam (DB# 01323), Camden County

From: Ed Fox

County: Camden

Zip Code: 08108

Date Received: May 15, 2012

Comment/Question: Please confirm that the proposed dam improvements for Newton Lake will not adversely affect the newly constructed fish ladder. Thank you.

Response: Thank you for your comment. The existing fish ladder will be replaced with a new one, to accommodate the proposed improvements.
