Regional Data Bulletin

Population Estimates, 2010-2017,
DVRPC's 28-County Extended Data
Services Area

The Delaware Valley Regional Planning Commission is the federally designated Metropolitan Planning Organization for a diverse nine-county region in two states: Bucks, Chester, Delaware, Montgomery, and Philadelphia in Pennsylvania; and Burlington, Camden, Gloucester, and Mercer in New Jersey.

DVRPC's vision for the Greater Philadelphia Region is a prosperous, innovative, equitable, resilient, and sustainable region that increases mobility choices by investing in a safe and modern transportation system; that protects and preserves our natural resources while creating healthy communities; and that fosters greater opportunities for all.

DVRPC's mission is to achieve this vision by convening the widest array of partners to inform and facilitate data-driven decision-making. We are engaged across the region, and strive to be leaders and innovators, exploring new ideas and creating best practices.

TITLE VI COMPLIANCE | DVRPC fully complies with Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987, Executive Order 12898 on Environmental Justice, and related nondiscrimination statutes and regulations in all programs and activities. DVRPC's website, www.dvrpc.org, may be translated into multiple languages. Publications and other public documents can be made available in alternative languages and formats, if requested. DVRPC public meetings are always held in ADA-accessible facilities, and in transit-accessible locations when possible. Auxiliary services can be provided to individuals who submit a request at least seven days prior to a public meeting. Requests will be accommodated to the greatest extent possible. Any person who believes they have been aggrieved by an unlawful discriminatory practice by DVRPC under Title VI has a right to file a formal complaint. Any such complaint may be in writing and filed with DVRPC's Title VI Compliance Manager and/or the appropriate state or federal agency within 180 days of the alleged discriminatory occurrence. For more information on DVRPC's Title VI program or to obtain a Title VI Complaint Form, please visit: www.dvrpc.org/GetInvolved/TitleVI, call (215) 592-1800, or email public_affairs@dvrpc.org.

DVRPC is funded through a variety of funding sources including federal grants from the U.S. Department of Transportation's Federal Highway Administration (FHWA) and Federal Transit Administration (FTA), the Pennsylvania and New Jersey departments of transportation, as well as by DVRPC's state and local member governments. The authors, however, are solely responsible for the findings and conclusions herein, which may not represent the official views or policies of the funding agencies.

Background

This regional data bulletin provides county- and subcounty-level population estimates as of July 1, 2017, for the 28 counties located within the Delaware Valley Regional Planning Commission's (DVRPC's) extended data services area, released by the U.S. Census Bureau in May 2018. DVRPC's extended data services area (illustrated in Figure 1) includes Kent and New Castle counties in the State of Delaware; Cecil and Harford counties in the State of Maryland; Atlantic, Burlington, Camden, Cape May, Cumberland, Gloucester, Hunterdon, Mercer, Middlesex, Monmouth, Ocean, Salem, Somerset, and Warren counties in the State of New Jersey; and Berks, Bucks, Chester, Delaware, Lancaster, Lehigh, Montgomery, Northampton, Philadelphia, and York counties in the Commonwealth of Pennsylvania.

The U.S. Census Bureau's Population Estimates Program (PEP) produces July 1 estimates for the years following the last published decennial census and, in most cases, simultaneously revises annual estimates released in previous years. Existing data series such as births, deaths, federal tax returns, Medicare enrollment, and immigration are used to update the base counts from the decennial census. PEP estimates are used in federal funding allocations, in setting the levels of national surveys, and for monitoring recent demographic changes.

Area Definitions

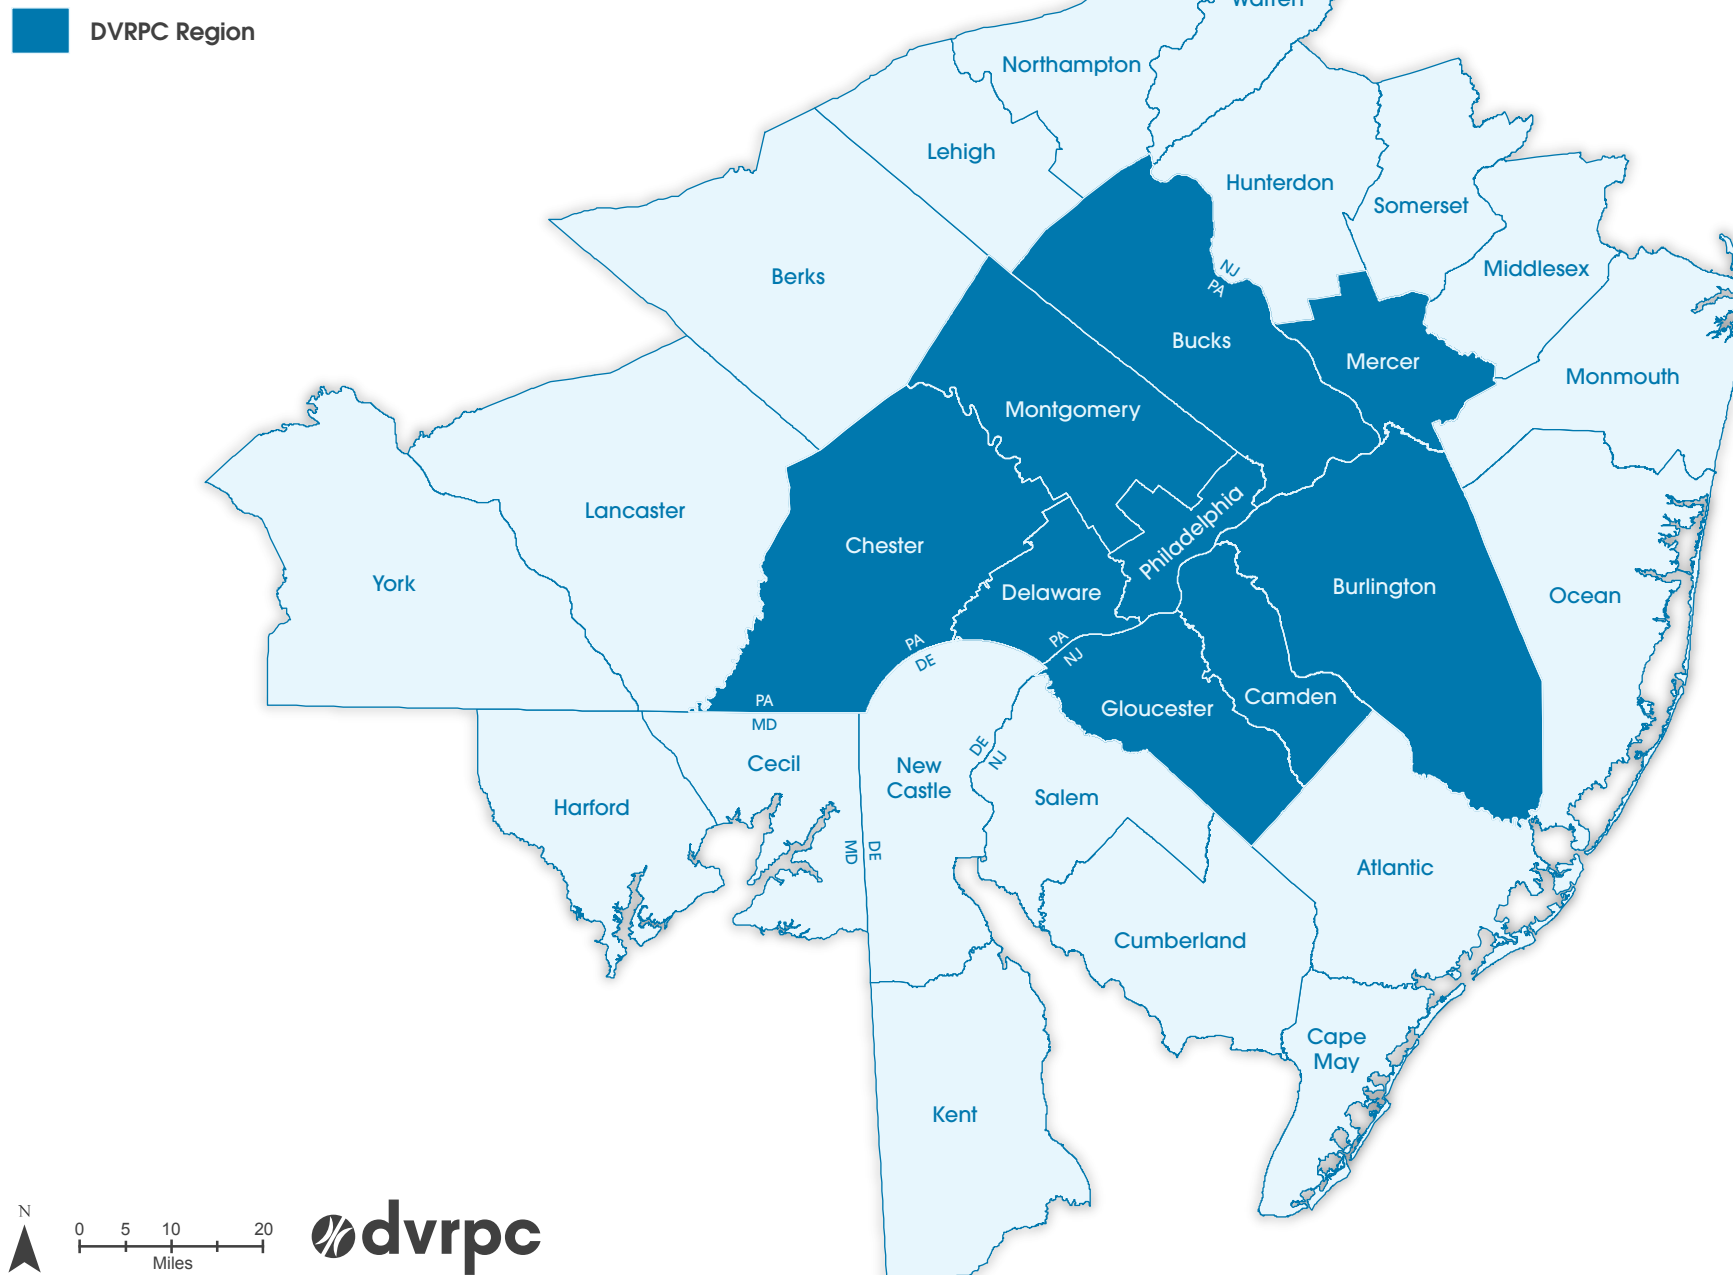

In addition to providing population estimates for the nine-county DVRPC region and its extended data services area, this data bulletin aggregates data as per the definitions of statistical areas issued by the federal Office of Management and Budget (OMB) in February 2013. The OMB defines Metropolitan, Micropolitan, and Combined Statistical Areas; New England City and Town Areas; and Metropolitan Divisions, for use in federal statistical analyses. These areas are revised every 10 years, based on commuting ties between counties; and updated periodically to reflect changes in the population, based on the U.S. Census Bureau's PEP. Comparisons of this data with regional information issued earlier than 2013 should be made with caution but can be accomplished by aggregating individual county data.

- The Philadelphia-Camden-Wilmington Metropolitan Statistical Area (MSA) includes the Philadelphia, Pennsylvania Metropolitan Division; the Montgomery County-Bucks County-Chester County, Pennsylvania Metropolitan Division; the Camden, New Jersey Metropolitan Division; and the Wilmington, Delaware-Maryland-New Jersey Metropolitan Division.
 - o The Philadelphia, Pennsylvania Metropolitan Division includes Delaware and Philadelphia counties in Pennsylvania.
 - o The Montgomery County-Bucks County-Chester County, Pennsylvania Metropolitan Division includes Bucks, Chester, and Montgomery counties in Pennsylvania.
 - o The Camden, New Jersey Metropolitan Division includes Burlington, Camden, and Gloucester counties in New Jersey.
 - o The Wilmington, Delaware-Maryland-New Jersey Metropolitan Division includes New Castle County in Delaware, Cecil County in Maryland, and Salem County in New Jersey.
- The Trenton-Ewing MSA includes Mercer County in New Jersey.

Figure 2 shows regional trend lines from 2000 to 2017. Table 1 lists population by county for the extended 28-county data services area, and Table 2 provides aggregated data for the extended data services area, MSAs, and Metropolitan Divisions, and the DVRPC region—including its individual counties. It also provides the population change between 2010 and 2017, along with annualized figures for comparison of 2000–2010 growth with 2010–2017 growth. Figures 3, 4, and 5 illustrate the population distribution of the region by 2017 estimates, absolute population change over the past seven years, and percentage change in the same period, respectively.

In Delaware and Maryland, large areas of the counties are not incorporated; in 2017, 74 percent of the county's population lived outside incorporated areas in New Castle County, Delaware; 57 percent in Kent County, Delaware; 84 percent in Harford County, Maryland; and 71 percent in Cecil County, Maryland. The Appendix provides population data for municipalities in New Jersey and Pennsylvania, and for incorporated places in Delaware and Maryland.

Figure 1:
DVRPC 28-County Data Services Area

Highlights

Over the Seven-Year Period from 2010 to 2017

28-County Region

The counties in the extended data services area that realized the greatest population growth based on absolute change in the past seven years were Philadelphia, Pennsylvania (where the population grew by 52,592); Middlesex County, New Jersey (with an absolute increase of 31,581); Montgomery County, Pennsylvania (25,094); Lancaster County, Pennsylvania (22,596); New Castle County, Delaware (20,956); Ocean County, New Jersey (20,322); and Chester County, Pennsylvania (19,373)—as seen in Table 1.

Table 1 also shows the fastest-growing county based on percentage change in this period was Kent County, Delaware, where the population grew by more than 8 percent. Other counties where the population grew by 3 percent or more include Lehigh, Lancaster, Chester, Philadelphia, and Montgomery counties (in Pennsylvania); Middlesex, Ocean, and Somerset counties (in New Jersey); and New Castle County (in Delaware).

Among all municipalities and incorporated areas in the extended data services area, Philadelphia, Pennsylvania (which is legally both a county and a city), experienced the greatest absolute increase in population in the past seven years, adding 52,592 residents. Other fast-growing communities included Lakewood Township in Ocean County, New Jersey (which gained 9,474 residents); Monroe Township in Middlesex County, New Jersey (which gained 5,936 residents); Franklin Township in Somerset County, New Jersey (which gained 4,199 residents); Upper Macungie Township in Lehigh County, Pennsylvania (which gained 4,027 residents); Princeton in Mercer County, New Jersey (with an increase of 3,206 residents); Allentown City in Lehigh County, Pennsylvania (increased by 3,172 residents); and South Brunswick Township in Middlesex County, New Jersey (which gained 2,982 residents). These extended area municipalities can be found in the Appendix.

Based on percentage change, East Bangor Borough in Northampton County, Pennsylvania, was the fastest-growing community in this period, experiencing a 36.5 percent increase in population. East Bangor was followed by East Brandywine Township in Chester County, Pennsylvania (where the population grew by 25.3 percent); Lebanon Borough in Hunterdon County, New Jersey (22.3 percent); Woolwich Township, in Gloucester County, New Jersey (21.0 percent); Townsend Town in New Castle County, Delaware (20.5 percent); Upper Macungie Township in Lehigh County, Pennsylvania (19.8 percent); Upper Hanover Township in Montgomery County, Pennsylvania (18.6 percent); Salford Township in Montgomery County, Pennsylvania (18.5 percent); and West Vincent Township in Chester County, Pennsylvania (18.4 percent). These changes can also be found in the Appendix.

DVRPC Region

Within the DVRPC region, the greatest percentage increases in population were realized in Chester, Philadelphia, and Montgomery counties. Seven of the DVRPC region's nine counties gained population over the seven-year period, ranging from a gain of 2,910 residents in Bucks County to Philadelphia's gain of 52,592 residents. Only two counties saw their populations decline: Camden County, New Jersey (by 2,787 residents, or 0.5 percent); and Burlington County (by 604 residents, or 0.1 percent).

Table 3 identifies the 20 fastest-growing municipalities between 2010 and 2017 in the DVRPC region, based on absolute change. The City of Philadelphia realized the greatest absolute population increase between 2010 and 2017, followed by Princeton (in Mercer County, New Jersey), with an increase of 3,206 residents; Upper Providence Township (in Montgomery County, Pennsylvania), with an increase of 2,757 residents; Woolwich Township (in Gloucester County, New Jersey), where the population grew by 2,167 residents; and Upper Merion Township (in Montgomery County, Pennsylvania), with an increase of 1,968 residents.

The population growth in the 20 municipalities listed in Table 3 (83,142 people) accounted for 74 percent of the region's overall population growth between 2010 and 2017. This was largely due to Philadelphia's contribution.

Table 4 identifies the 20 fastest-growing municipalities between 2010 and 2017 in the DVRPC region, based on percentage change. The two fastest-growing municipalities between 2010 and 2017 in the DVRPC region were East Brandywine Township (in Chester County, Pennsylvania), where the population grew by 25.3 percent, and Woolwich Township (in Gloucester County, New Jersey), which realized a 21.0 percent increase. These municipalities were followed by Upper Hanover Township (in Montgomery County, Pennsylvania); where the population grew by 18.6 percent; Salford Township (in Montgomery County, Pennsylvania), where the population grew by 18.5 percent; West Vincent Township in Chester County, Pennsylvania (18.4 percent); and New Hanover Township in Montgomery County, Pennsylvania (17.1 percent)

Comparing the 2010–2017 Period to 2000–2010

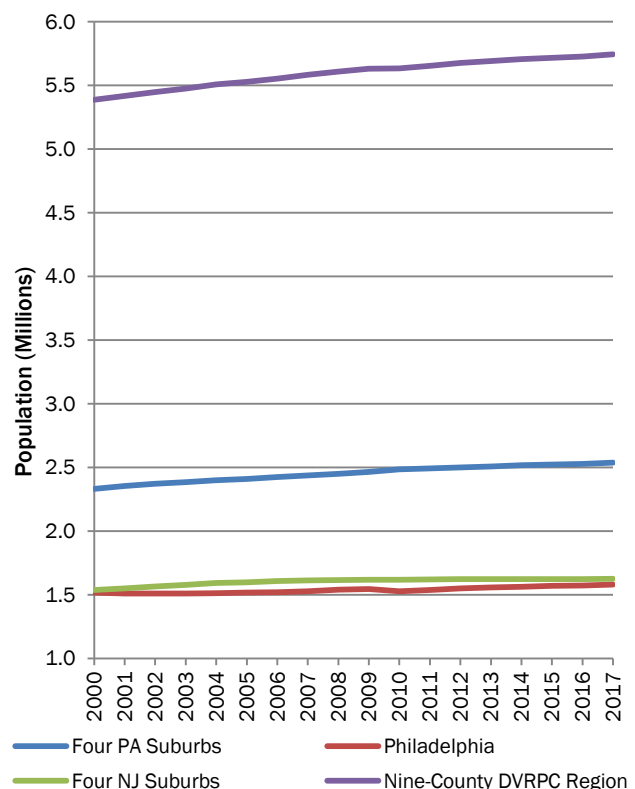

As indicated in Table 2, the rate of population growth in DVRPC’s 28-county extended data services region has declined significantly since the decade between 2000 and 2010. The population of the 28-county area increased 0.3 percent annually, on average, between 2010 and 2017, with an average absolute increase of 36,449. This compares to an increase of 0.7 percent per year over the 10-year period between 2000 and 2010. The absolute change in the previous decade averaged 78,171 per year.

The population growth of the nine-county DVRPC region also saw a decline in the more recent period than in the preceding decade, but to a lesser degree. In 2000–2010, the higher percentage average annual growth in the extended region was driven largely by non-DVRPC counties like the two Maryland and Delaware counties (1.3% and 1.2%, respectively). The DVRPC region has been more stable decade to decade, but there was a big shift in where the gains were happening in the region. Compared to the 2000–2010 period, the last seven years has seen less robust or flat growth in each county except Philadelphia County. Delaware County growth has been holding steady with a 0.1% growth rate on average in both periods—adding over 800 people per year. Philadelphia, however, has been the most significant driver of regional growth in the last seven years, averaging an increase of 7,513 each year in this decade. Whereas its growth last decade was on par with Delaware County, it now is averaging 0.5% growth—matching Chester County over the past seven years. Philadelphia’s contribution to regional growth went from 4 percent to 47 percent from period to period.

This dynamic is also seen in the Philadelphia-Camden-Wilmington MSA where the only uptick in annualized growth in the latter period is seen in the Philadelphia, Pennsylvania Metropolitan Division (comprised of Philadelphia and Delaware Counties) where growth went from 0.1% to 0.4% on average.

Figure 2 illustrates the annual population of the DVRPC region and its subregions between 2000 and 2017. Among other things, it shows how Philadelphia’s population was equivalent to the population of DVRPC’s New Jersey counties at the turn of the millennium. The New Jersey counties pulled away with greater population through the first decade, but in the second, Philadelphia is on track to catch back up with the New Jersey counties as their growth has slowed and Philadelphia’s has picked up.

Figure 2: Population in the DVRPC Region, 2000–2017

Source: U.S. Census Bureau.

Note: “Four PA Suburbs” include Bucks, Chester, Delaware, and Montgomery counties. “Four NJ Suburbs” include Burlington, Camden, Gloucester, and Mercer counties.

Report Title: Data Bulletin # 102: Population Estimates, 2010–2017,
DVRPC's 28-County Extended Data Services Area

Publication No.: DB 102

Date Published: October 2018

Geographic Area Covered: DVRPC's 28-county extended data services area, which includes Kent and New Castle counties in the State of Delaware; Cecil and Harford counties in the State of Maryland; Atlantic, Burlington, Camden, Cape May, Cumberland, Gloucester, Hunterdon, Mercer, Middlesex, Monmouth, Ocean, Salem, Somerset, and Warren counties in the State of New Jersey; and Berks, Bucks, Chester, Delaware, Lancaster, Lehigh, Montgomery, Northampton, Philadelphia, and York counties in the Commonwealth of Pennsylvania.

Key Words: Population, Population Estimates, U.S. Census Bureau, Population Estimates Program (PEP)

Abstract: Data Bulletin #102 provides county- and sub-county-level population estimates as of July 1, 2017, for the 28 counties located within DVRPC's extended data services area, released by the U.S. Census Bureau in May 2018. The U.S. Census Bureau's Population Estimates Program (PEP) produces July 1st estimates for the years following the last published decennial census and, in most cases, simultaneously revises annual estimates released in previous years. Existing data series such as births, deaths, federal tax returns, Medicare enrollment, and immigration are used to update the base counts from the decennial census. PEP estimates are used in federal funding allocations, in setting the levels of national surveys, and for monitoring recent demographic changes.
