2e. Transportation Improvement Program (TIP) Action

PA23-32: SEPTA Key (MPMS #60611), SEPTA

From: Jerrett Johnson

Zip Code: 19139

Date Received: 3/15/23

Comment/Question: With the Septa Key Card 2.0 being put into place, will commuters still have the option of keeping the traditional septa key credit card for public transit and other uses.

Response: Thank you for your comment. Your comment was forwarded to the DVRPC Board, DVRPC Office of Capital Programs, and the Southeastern Pennsylvania Transportation Authority (SEPTA).

The traditional SEPTA Key Card will be replaced by a non-branded Key Card. Due to low usage of the prepaid debit feature, it is no longer feasible to continue with branded cards (currently Mastercard). We currently average only about five prepaid debit loads (customers) of the branded cards per week.

Thank you for your continued involvement in the region's development.
