May 22, 2025

5a. Coatesville Train Station (MPMS #87534), PennDOT – Increase CON Phase

From: Jerrett Johnson

Zip Code: 19139

Date Received: May 12, 2025

Comment/Question: This is great news for the area and is a part of the reason why SEPTA should not cut the Paoil/Thorndale line which goes through Coatesville and is also the highest ridership of all the regional rail lines.

Response: Your comment was shared with the DVRPC Board, DVRPC's Office of Capital Programs, and PennDOT.

We appreciate your support. Thank you for your continued engagement in the region's development.

5b. Downingtown Train Station Rehabilitation (MPMS #93586), PennDOT – Add Project Back into the TIP

From: Jerrett Johnson

Zip Code: 19139

Date Received: May 12, 2025

Comment/Question: With the rehabilitation of both train stations in Chester County this will hopefully enhance ridership experience in an area that has a lot of daily commuters especially those who are senior citizens and people with disabilities. I am grateful that these stations are being restored and updated with the ADA compliance.

Response: Your comment was shared with the DVRPC Board, DVRPC's Office of Capital Programs, and PennDOT.

We appreciate your support. Thank you for your continued engagement in the region's development.
